**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Applicants thank the Examiner for indicating that the claims are allowable. Applicants submit that the claims speak for themselves, and therefore that the Statement of Reasons for Allowance should not be used to interpret or in any way limit the claims. Moreover, to the extent that the Statement of Reasons for Allowance paraphrase the claims, applicant understands the claims to be broadly interpreted in light of the prior art. For example, at one point in the Statement of Reasons for Allowance, features of distinct claims are cited together. However, no one claim includes each of the cited features. Applicants understand that each of the cited features distinguishes clearly over the prior art of record. If the Examiner understands differently, Applicants request clarification.

Respectfully submitted,

By:
